Abstract

The abstract should be between 1 - 5 paragraphs and is limited to 500 words. The title will appear in UPPERCASE text. Author name(s) and affiliation(s) appear next.

The abstract should not contain references, numbered equations, tables, or figures. For math expressions, inline math is preferred (as oppose to display mode).

All abstracts will be typeset as a single LaTeX document. For this reason, please keep the abstract simple and refrain from using complex LaTeX features. For example, you may use Greek letters and mathematical expressions in the abstract, but please do not define or redefine LaTeX commands globally using “\newcommand”, “\renewcommand”, or “\def”.

Do not include any keywords.

*Corresponding author. Email address: fancyemail@uwaterloo.ca.

†Email address: helloworld@uwaterloo.ca. Secondary institution(s), if any, should be listed here.
