

Overleaf Keyboard Shortcuts

Updated 28 Nov, 2022

Some keyboard shortcuts in this list may not be available on non-US keyboards or in Rich Text/vim/emacs modes. For example, some input methods on the Mac may use  (equivalent of ) for accented characters input instead.

Mac users may also want to refer to this list of common editor keyboard shortcuts on Mac: <https://support.apple.com/en-us/HT201236#text>
